WELCOME TO THE SALE!

A Special Message from

Ron Gillio and Everyone at Bowers and Merena Auctions

Dear Bidder,

On behalf of the entire Bowers and Merena Auctions team, I want to personally welcome you to this very special session of World Coins. It is always a wonderful event to bring together numismatic specimens from all over the world, and this auction is even more extraordinary as it offers as its centerpiece, **"The Carl F. Chirico Jr. Collection of World Pattern Coins,"** featuring more than 2,400 Worldwide Proofs, Patterns, Essais, Provas, Pieforts and Trial Strikes.

The rich history of this collection dates back as far as the late 1940s, when Carl F. Chirico Jr. began collecting coins at the early age of eight years old. Carl was born in New York City in 1939, the only child of Italian immigrants Carl and Ida Chirico, who originated from Pianolpoli, Italy. He went to school in the Bronx and graduated high school as valedictorian of his class.

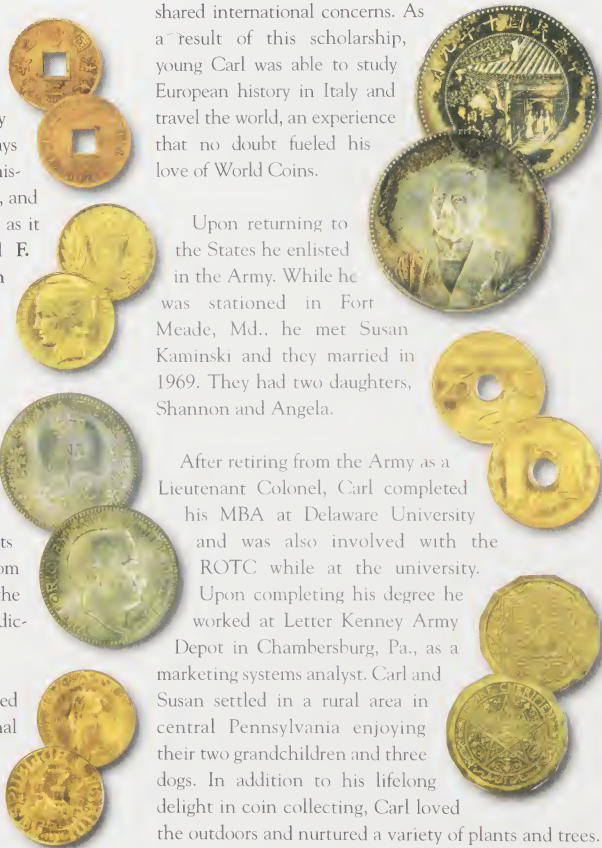

Following graduation, Carl was awarded a Fulbright Scholarship, an international educational program that offers participants the opportunity to study, teach, research, exchange ideas, and contribute to finding solutions to

shared international concerns. As a result of this scholarship, young Carl was able to study European history in Italy and travel the world, an experience that no doubt fueled his love of World Coins.

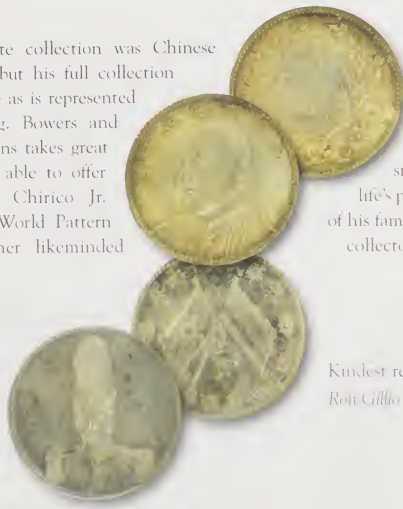

Upon returning to the States he enlisted in the Army. While he was stationed in Fort Meade, Md., he met Susan Kaminski and they married in 1969. They had two daughters, Shannon and Angela.

After retiring from the Army as a Lieutenant Colonel, Carl completed his MBA at Delaware University and was also involved with the ROTC while at the university.

Upon completing his degree he worked at Letter Kenney Army Depot in Chambersburg, Pa., as a marketing systems analyst. Carl and Susan settled in a rural area in central Pennsylvania enjoying their two grandchildren and three dogs. In addition to his lifelong delight in coin collecting, Carl loved the outdoors and nurtured a variety of plants and trees.

Carl's favorite collection was Chinese pattern coins, but his full collection spans the globe as is represented in this catalog. Bowers and Merena Auctions takes great pride in being able to offer "The Carl F. Chirico Jr. Collection of World Pattern Coins" to other likeminded enthusiasts.

Sadly, Carl passed away in 2002 at the age of 63. But his exceptional collection of World Coins that meant so much to him since he was a small child joyfully represents his life's passion. It is offered here with the support of his family, knowing that Carl would want other collectors to enjoy it as much as he did.

Kindest regards,
Roni Gillio
